First Call Announcement

11th BiH CONGRESS ON TRANSPORT INFRASTRUCTURE AND TRANSPORT

➤ roads

23-24 September 2021

Sarajevo
Bosnia and Herzegovina

invitation

Dear colleagues,

The Association of Consulting Engineers of Bosnia and Herzegovina (ACE BH / UKI BiH) is organizing the **11th Congress on Transport Infrastructure and Transport**. The Congress is dedicated to roads and mobility. The Congress will be held in Sarajevo, on **September 23 and 24, 2021**.

The Congress has an international character. Many international professional associations will contribute to the organization of the Congress with their active participation.

Transport is a basic component of the development of any society. Everything in transport comes down to two measures: time and energy, and those two to one - money.

At the global, European and local level, the applications of the "Strategy for Sustainable and Smart Mobility" are being considered today. This Strategy is the basis for a "smart, competitive, safe and affordable transport system".

This congress will traditionally bring together experts from various EU regions, lecturers from European universities and representatives of government institutions, as well as representatives of non-governmental organizations.

We expect your active participation in the organization and work of the 11th Congress on Transport Infrastructure and Transport.

Sincerely yours,

Dr. Ešref Gačanin
President of ACE BH

topics for discussion

green transport

smart transport

sustainable and smart mobility strategy
