**B&H CONGRESS  
ON TRANSPORT  
INFRASTRUCTURE  
AND TRANSPORT**

**→ roads**  
firs call

Sarajevo / September 21-22 **2026**

Dear Colleagues,

The Association of Consulting Engineers of Bosnia and Herzegovina (UKI BiH), in cooperation with the European Union Road Federation (ERF), is organizing the **15<sup>th</sup> Congress on Transport Infrastructure and Transport – Roads**, which will be held on 21–22 September 2026 in Sarajevo, Bosnia and Herzegovina.

The Congress has an international character and brings together experts, researchers, representatives of public institutions, international organizations, and the private sector. Modern transport systems require an integrated approach to planning and management, encompassing technological innovation, new financing models, and adaptation to climate and societal challenges. Particular emphasis is placed on the safety, efficiency, and sustainability of infrastructure, alongside the development of smart and inclusive mobility solutions.

This year's Congress will once again serve as an important platform for the exchange of professional knowledge, strengthening regional and European cooperation, and defining guidelines for the development of modern, safe, and sustainable transport systems.

We look forward to your active participation and contribution to the successful realization of the 15th Congress on Transport Infrastructure and Transport – Roads.

Yours sincerely,

Prof.dr. Ešref Gačanin  
President of the Association of Consulting Engineers of Bosnia and Herzegovina

# 2026 TOPICS FOR DISCUSSION

- | Sustainable transport systems
- | Development and integration of the TEN-T network and regional transport connectivity in the Western Balkans
- | Digitalization of transport: intelligent transport systems, artificial intelligence and digital twins
- | Climate resilience of transport infrastructure
- | Financing transport infrastructure
- | Urban mobility and quality of life in cities
- | Road safety and the human factor in transport systems
